During this review, no questions or issues were raised related to any of these grants. Therefore, you may proceed with the budgeting of these grants as previously proposed.

There are a number of grants that you have already submitted to this office which were received after October 3rd which was the cutoff date set by Fiscal Research for getting grants on the October Gov-Ops agenda. These grants were **not** included on the October agenda, and have therefore not met the Gov-Ops consultation requirement. These grants will automatically be added to the agenda for the November 28th, 2011 Gov-Ops meeting. Any additional grant awards that you receive between now and November 7th will need to be entered into Open Window by close of business on November 4th in order to be considered for addition to the November 29th, 2011 Gov-Ops agenda. If you have any questions in the meantime, please feel free to contact your analyst in this office.

Thank you.
